

CHOWDARI NOOKA NAVEENTH

Visakhapatnam | nookanaveenth@gmail.com | P: 6281095049 | [GitHub](#) | [LinkedIn](#)

I am an ambitious Computer Science student with hands-on experience in **Data science, Machine learning, Computer Networks, and Software development**. Strong in problem-solving, teamwork, and delivering results through real-world projects and internships. Driven by curiosity and committed to continuous learning and innovation.

EDUCATION

Anil Neerukonda Institute of Technology and Science

Visakhapatnam

- Branch: Computer Science and Engineering with Data Science | CGPA: 8.97

2022-2026

Sri Chaitanya Junior College

Visakhapatnam

- Senior Secondary (XII) | BIEAP board | Percentage: 83%

2020-2022

Sri Chaitanya Techno School

Visakhapatnam

- Secondary (X) | SSC board | CGPA: 10/10

2020

SKILLS AND ABILITIES

- **Programming Languages:** C, Python
- **Data Analysis & Visualization:** Data Analysis, Data Visualization, Power BI, Tableau, MS Excel
- **Machine Learning & Data Science:** Machine Learning, Data Mining
- **CS Fundamentals:** DBMS, Computer Networks, Operating systems
- **Software:** Office365

INTERNSHIP

Andhra Pradesh State Council of Higher Education - Smartbridge - Data Visualization Intern

Visakhapatnam

- Built interactive dashboards on Tableau Public, developing skills in dashboard design
- Cleaned and preprocessed data using Microsoft Excel, gaining hands-on experience in data analysis.

May 2025 – July 2025

Python Programming intern: EI Systems Technologies

June 2024 – July 2024

- Completed a Python programming internship, gaining hands-on experience through real-world projects like a voice recognition quiz, which enhanced coding skills, problem-solving, and software development knowledge.

PROJECTS

Image Captioning and Storytelling

- Developed an image captioning and storytelling system using EfficientNetB0 for image feature extraction and GPT-2 for generating captions and stories.

Chatbot: Python

- Completed as part of my internship project under the guidance of EI Systems.
- Built an interactive chatbot using Python's ChatBot libraries.

Heritage Treasures: An In-Depth Analysis of UNESCO World Heritage Site with Tableau - [GitHub](#)

- Analyzed 2019 UNESCO World Heritage Site data using Python and Tableau to identify trends in distribution and significance.
- Developed interactive dashboards showcasing geographic spread, cultural/natural classifications, and preservation insights

Car Sales Dashboard - [GitHub](#)

- Designed an interactive Car Sales Dashboard using Tableau to visualize sales performance across regions, models, and time periods.
- Analyzed key metrics such as total revenue, top-selling models, and customer preferences to support data-driven decision-making

SOFT SKILLS

Time Management & Multitasking
Leadership & Responsibility

Problem-Solving & Teamwork
Adaptability & Learning

CERTIFICATES

- Oracle Data Platform Certified Foundations- Associate
- Oracle certified AI vector Search -Professional

EXTRA-CURRICULAR ACTIVITIES

Student Coordinator & Club Head – CSD Department (Spirit club) ANITS

- Led the departmental club activities and managed a team of student volunteers.
- Awarded a badge of recognition for leadership and contribution to department initiatives
